

WHEATLAND-CHILI CENTRAL SCHOOL DISTRICT

BOARD OF EDUCATION PRIORITIES 2020-2021

1. Support a **curricular strategy** that develops College and Career Readiness Skills resulting in a well-rounded educational experience for students.

Accountability measures will include:

- Utilization of Every Student Succeeds Act (ESSA) Measures of Interim Progress (MIP) to assess academic success.
- Enhanced awareness to students and families of opportunities to engage in alternate educational opportunities, including career and technical education pathways.
- Focus on standards based instruction and effective use of intervention models to support learning for all students.

2. Support an environment of **high expectations for all staff**.

Accountability measures will include:

- Increased support for staff through onboarding activities during new staff orientation focused on a variety of topics including but not limited to the Code of Character, Conduct and Support.
- Offering professional development opportunities for all staff aligned with ongoing feedback and improvement model.
- Development of methods to enhance staff diversity and inclusivity.

3. Continue to focus on **social and emotional learning** and **culturally responsive environment**.

Accountability measures will include:

- Providing staff professional development linked to tiered levels of intervention.
- Infusion of social/emotional learning and culturally responsive strategies into implementation of the Code of Character, Conduct and Support.
- Assessing and developing communication strategies to improve engagement with all stakeholders, including students, families, staff and community.

4. Continue to support **integrated technology** in every classroom.

Accountability measures will include:

- Evaluation of technology needs and allocation of resources to support instructional outcomes.
- Continuing to integrate technology to support instructional delivery models.

5. Monitor and manage the **district facilities and budget** to maximize resources based on current and future needs.

Accountability measures will include:

- Developing fiscally responsible budget based on five-year plan for use of reserves.
- Effective oversight of fiscal management.
- Assessing building needs utilizing Building Condition Survey to develop long-range capital project plan.
